

SSB-78LL

# NORDEN Skid Steer Bucket

Utility Short 72"

Low Long 78"

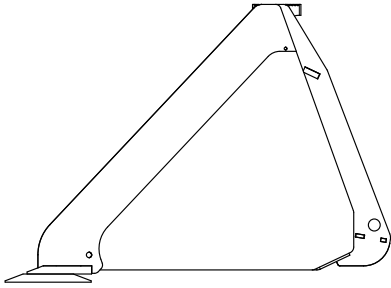

Utility Short 84"

A Skid Steer bucket is an attachment designed to work with Skid Steer loaders. It's a sturdy and durable tool that can handle many different tasks. The bucket has a tough frame and reinforced edges, so it can handle heavy materials without getting damaged. With the Skid Steer bucket, it's easier to move materials around and get things done efficiently.
